

All are invited to attend the monthly meeting of the  
**Nittany Mineralogical Society**  
**Wednesday, May 15, 2013**

Parents/guardians must provide supervision of minors.

May 15th meeting:

# Minerals Behind the Scenes at the Academy of Natural Sciences of Drexel University

by  
David Glick

*Our May meeting will be held Wednesday the 15th in the room 114 auditorium of Earth & Engineering Sciences Building on the west side of the Penn State campus in State College, PA. Maps are available through our web site.*

*6:30 to 7:30 p.m.: Social hour, refreshments in the lobby*

*7:30 to 8:00 p.m.: announcements, questions, answers;  
door prize drawings*

*about 8:00 p.m.: featured program*

*The event has free admission, free parking, and free refreshments, and is open to all; **parents/guardians must provide supervision of minors.** Bring your friends and share an interesting evening.*

Five NMS members enjoyed a behind-the-scenes tour of the mineral collections at the Academy of Natural Sciences of Drexel University (previously the Philadelphia Academy of Natural Sciences) on Thursday, January 31. The required weekday schedule and threatening weather reduced the attendance, so this month's program will present a photographic review of our visit for those who were not able to attend. To fill out the program, we'll include photos from visits to Carnegie Museum of Natural History and others.

Azurites from Bisbee, Arizona, at the Academy of Natural Sciences.

*D. Glick photo.*

Nittany Mineralogical Society is very grateful to Dr. Ted Daeschler for hosting our visit and the tour. More photos and a short article were presented in the February issue of this Bulletin.
